VACATION →

Dear partner,

On the following pages we are delighted to present our choice of hotels for your group trip. In this brochure, we have put together a special selection of Der Touristik Hotels & Resorts' most important group travel hotels.

Thanks to their facilities and equipment, these hotels are particularly suitable for themed group trips and they also offer customised group offers, such as discounts and free place deals. Of course, group trips are also possible to other DER Touristik Hotels & Resorts establishments – feel free to contact us about this. Our contact details are provided on the back of this brochure.

We would also like to introduce you to our destination management companies, who organise the framework programme for group trips as well as providing many other services. "A one-stop service" is our value proposition because, in addition to hotels and flights, you can also directly book transfers and the overall excursion programme.

We look forward to a successful collaboration.

OUR PHILOSOPHY

Our customers' holiday experience is influenced by many factors: a smooth journey on arrival and departure is important, local activities offer memorable experiences, and the weather and surroundings must be right too. But above all, our hotels are key to the overall holiday experience; meeting every aspiration, every preference and desire, around the clock.

By putting into practice our hotel philosophy and carefully selecting locations and resorts, we can fulfil every wish; and only this can turn a trip into a holiday.

Our hotels – where holiday experiences are at home.

The following hotels are specially equipped to suit group requirements. Details can be found on the following pages.

GROUP BENEFITS

Travelling with a group

Travelling with a group is stimulating, interactive and sociable. Whether it's a trip with a sports club, a hobby group, a large circle of friends or a business / incentive trip – there are plenty of reasons to travel with a group.

In particular, club facilities with a diverse sports and entertainment programme are ideal for groups.

A wide range of restaurants, conference facilities and potential excursions complete the offering. Some of our hotels run by the Iti hotels, Club Calimera and PrimaSol brands are specially tailored to meet the needs of group tours and, depending on their location, facilities and services, they offer ideal options for an exciting holiday.

Group discounts

- Possible group discounts will only be offered on request. Additional hotel-specific discounts likewise on request and subject to availability. It is not always possible to combine discounts with other offers e.g. 14=10 or early booking benefits.

- Hotel-specific discounts (e.g. free place deals and other reductions) require a different number of minimum participants depending on the hotel.
- During peak season, prices and conditions may deviate from those in the brochure in some circumstances.
- The maximum number of free places (for group bookings) is at the hotel's discretion.

Definition of a group

- A group requires at least 10 people paying full price as part of a package tour or a hotel stay with independent travel.
- Same outward and return flights, if possible from a single departure airport.
- One group stays in one hotel with comparable services (room categories can vary).
- The group booking must be made via one group applicant.

Our services and benefits at a glance

- Good price transparency thanks to predominantly all-inclusive services and package group offers.
- Our hotels offer all-inclusive or half-board deals. For excursions, some hotels offer a free packed lunch.

- Depending on the size of the group, the tour guide may stay at the hotel free of charge.
- In many hotels the group will receive a discount on wellness treatments (massage or spa packages) and on the laundry service.
- The group can be offered exclusive entertainment at particular times in lots of club facilities.
- Our hotels offer suitable facilities and equipment for themed programmes, e.g. football, swimming tennis etc.
- Select hotels offer conference packages (conference room rental, coffee breaks, technical equipment).
- Courses and events offered by Club Calimera and Iti hotels, such as Calimera Nordic walking, Iti dance classics etc., are also available to groups. Some of these are not offered all year round.
- Extensive excursion programmes for groups can be requested if required. Depending on the budget and size of group, it may be possible to organise exclusive excursions.
- Exclusive booking of a Club Calimera, Iti hotel or PrimaSol hotel may be possible on request and subject to availability.

LOCAL SUPPORT

Destination management companies

Der Touristik Group is also there for your guests on the spot: our destination agencies support travellers from arrival to departure at 56 holiday destinations.

A network of so-called destination management companies (DMCs) currently covers 25 countries with 1,500 staff. Three million guests each year benefit from this on-the-spot service. They receive support in handling their booking, with transfers or organising excursions. And throughout the trip they benefit from the impressive service and quality promise offered by DER Touristik Group. The group's own agency network is particularly active in the important long-haul destinations of Asia and the USA as well as around the Mediterranean.

Group trips can also rely on experienced staff on the ground: they put together customised programmes, organise transfers and ensure the trip progresses smoothly.
